📍 Mumbai

SKILLS

Programming Languages

- HTML
- CSS
- Python
- JavaScript (basics)

Python Libraries

- NumPy
- Pandas
- Matplotlib / Seaborn

Machine Learning

- Scikit-Learn
- Regression & Classification
- KNN
- Decision Trees
- Clustering (K-Means, etc.)
- ML Fundamentals (data preprocessing, model training, evaluation, train-test-split)

SOFT SKILLS

- Community Service Oriented
- Analytical Thinking
- Leadership & Coordination
- Fast Learner

PROFILE

2nd-year CSE student at Thakur Shyamnarayan Engineering College, Mumbai aspiring to become an AIML engineer. Passionate about experimenting with AI/ML tools, rapid prototyping, and converting ideas into working projects.

PROJECTS

Personal Portfolio Website

- Built a interactive personal portfolio showcasing skills and projects
- Implemented neon aesthetics, and smooth UI transitions for better UX
- Integrated for a modern and visually appealing interface
- Deployed for cross-device responsiveness
- Tech: HTML, CSS, JavaScript, Three.js

Car Price Prediction (Machine Learning Project)

- Built an ML regression model to estimate used car prices
- Performed preprocessing & feature encoding
- Tools: Python, Pandas, NumPy, Scikit-Learn

Hintify - AI Coding Mentor (In-progress)

- AI tool that gives hints instead of full code to improve problem-solving skills.
- Supports multi-level hints (concept, logic, error direction) for learning.
- Backend built with FastAPI + prompt control to prevent code output.
- Designed to reduce AI dependency & cheating in coding education.

EDUCATION

Bachelor of Engineering (B.E.) - CSE-AIML

University of Mumbai (MU) — 2024-2028 (Currently Pursuing)
First Year SGPA: 8.46

Competitive Exams

JEE Mains - 90.81 Percentile | MHT-CET - 84 Percentile

SSC (2022): 93.40% | HSC(2024):75.00%
